ABOUT I-5 RENTALS

Established in 1998, I-5 Rentals originated after seeing the need for agriculture rental equipment in the North State. I-5 Rentals quickly grew into one of the most prominent heavy equipment rental yards in not only California but Oregon and Nevada as well. Since 1998 I-5 Rentals has provided it's customers with the industry's cleanest and most reliable equipment on the market. Ensuring that customer satisfaction is always priority number one. Providing twenty-four hour a day, seven day a week service for all customer needs and a transportation service that challenges even the best heavy equipment haulers, I-5 Rentals will use every available resource to ensure your best rental experience. Our goal is to be accessible, dependable and on time. At I-5 Rentals we will expand our equipment line for both common or specialized hard to find equipment. I-5 Rentals is actively upgrading its fleet to meet the highest California emissions requirements.
